## PINKTOBER

Pacific Laboratory Specialists in partnership with Cancer Society had a Outreach to the village of Nacula, Yasawa. The awareness was mostly on Breast Cancer and Prostate Cancer Awareness. The team spent 2 days in the village travelling by boat and they have touched so many lives, taking the services to our grassroots people. Thank Fiji Cancer Society for sponsoring the activities held in that 2 day event.

## DIWALI

The diwali function is celebrated in a big way every year by all lab techs. This festival of lights is celebrated by labs organising diwali tea where they get to enjoy different varieties of sweets and savories, and pre-diwali lunch where all sorts of delicious indian vegetarian dishes are enjoyed.
